

GLASSDOOR CUTOUT SPECIFICATIONS

We offer various sized framed wall cabinets that have the doors routed for glass inserts and have an interior matching the cabinet exterior.

While these cabinets do not come equipped with glass or mullions, we have developed an easy to follow formula to help **estimate** the proper sized insert for your door while placing orders.

Height Configuration:

Door Height* - (2 x Door Style Rail Width) + 1½"

Width Configuration:

Door Width* - (2 x Door Style Stile Width) + 1½"

Door Style	Rail Width	Stile Width
Shaker	2¾"	2¾"
York	3"	3"
Torrance	3"	3"
Casselberry	3"	3"

*Door height and width information is located in the Specification Manual.

DISCLAIMER: This formula is to be used as an estimation tool only. We recommend that physical measurements are taken prior to ordering your inserts. We cannot guarantee the exact dimensions determined when using the formula provided.
